

## OF INNOVATIVE PIPE JOIN AND REPAIR SOLUTIONS

### Who We Are

Krausz Industries develops, designs, and manufactures market-leading smart products for repairing and connecting different types of pipes for potable water and sewage.

Krausz offers a broad portfolio of solutions, including standard size products that range from 40 mm to 1800 mm and custom-made products according to customers' requirements.

Through our international distribution network and our fully-owned subsidiary in the US, we now offer a global reach.

### Our Philosophy

Krausz is a company built by industry experts with extensive field experience. Therefore, we can better understand the problems and challenges of the installer and provide real solutions.

Our broad-based R&D department allows us to constantly develop new technologies and solutions that are second to none, implemented in the field by water utilities worldwide.

### Our Tradition

In more than 90 years of industry leadership, and millions of installations worldwide, Krausz has earned a solid global reputation for developing a full line of innovative solutions that meet installers' needs.

Across the board, Krausz products, designed for ease of installation, save costs by minimizing manpower requirements and simplifying inventory, and enhance safety by reducing time in the ditch.

Offering extreme durability and outstanding connection flexibility, Krausz products expertly meet immediate connection and repair needs and prevent future pipe damage, delivering long-lasting value.

## REPAMAX® Versatile Openable Stainless Steel Wide-Range Couplings

Krausz REPAMAX/REPAFLEX products provide a highly versatile stainless steel coupling solution for connecting and repairing a wide variety of water and wastewater pipes of different materials. This family of products also stands out for its exceptional durability and flexibility and its best fit for aggressive soil conditions. Krausz REPAMAX/REPAFLEX can join pipes with the same or different diameters and repair holes and cracks. This multi-functionality, together with unique, extra-wide tolerance, enables smaller inventories, saving cost and shelf space.

## HYMAX® Wide-Range Coupling Solutions

Krausz HYMAX wide range coupling solutions feature advanced engineering and innovative design, enabling fast installation, outstanding flexibility, and extreme durability in varied conditions. These benefits make the Krausz HYMAX the high-performance, cost-effective choice for a broad variety of applications. An advanced product that set a new industry standard, the Krausz HYMAX product line has been field-proven in millions of installations worldwide.
